

Understanding Assessment Score Calculation (for Rules)

Example: Assessment counting meals skipped last week

* Assessment Description

Meals Skipped

* Assessment ID

meals-skipped

* On-Screen Title

Meals Skipped

* Assessment Completion Action

Default "Thank You" message

In the last week, how many days did you skip breakfast?

0 - 7 Scale

In the last week, how many days did you skip lunch?

0 - 7 Scale

In the last week, how many days did you skip dinner?

0 - 7 Scale

If I want to know whether *more than half* were skipped...

...given that there are 3 meals a day and 7 days a week...

...then the maximum number of meals per week is 21 meals.

Therefore, I want to be notified when 11 or more meals were skipped last week.

So, I will set the rule to notify only if the total score is *greater than 10* (see below).

If **Assessment Score for 'Meals Skipped'** is greater than 10
Then send email to **Hans Cabrera** at **hcabrera@grandcare.com**

If the resident says 5 breakfasts were skipped last week...
